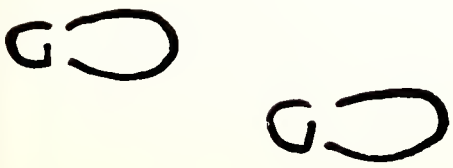
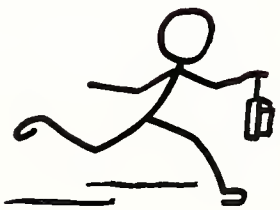
The 68th Senior Class of Valparaiso High School of Valparaiso, Indiana Presents the 1942 Valenian

Group re-entering school after noonday hour.

To trace the footsteps of the Student Body throughout the year





Allen County Public Library
900 Webster Street
PO Box 2270
Fort Wayne, IN 46801-2270

The School

Footsteps have gone through this door for sixteen years.

For sixteen years students have followed footsteps into a building which has offered not only scholastic advantages, but also advancement in the fields of athletics and extra-curricular activities, in which they have been led by a well-equipped administration; and, moreover, they are very fortunate in having caretakers who have kept the building and its grounds in perfect condition.

The purpose of the 1942 *Valenian* is to show the footsteps of the students through the various phases of their school life. We hope that through their classes, activities, and athletics, the students have gained development, in both mind and body, which will carry them on, so that their footsteps may be seen progressing to higher levels.

A view familiar to all pupils of V. H. S.

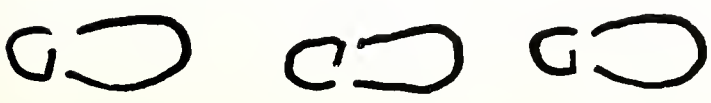
Faculty

The men and women who make up this faculty are those who have been indued with the ambition and desire to teach us, the citizens of tomorrow, how to live wisely. They have learned in order that they might guide our footsteps in the proper paths.



ROY B. JULIAN, Superintendent
Mr. Julian counsels Cornelia Powell.

Administration Gives

You have completed another year of your high school education. You have recently seen the unfolding of history in a most amazing way. It is now your opportunity to lend your strength and training to the preservation of your country in this hour of national crisis. The best way to do this is to prepare yourself for the jobs that must be done. Continue your school in the regular way. Be prompt and reliable in all things. This is what your government desires of you now. If you live courageously and learn to think clearly, your efforts will help to save our civilization for the generations to come.

R. B. Julian,
Superintendent

Mr. Julian Active in Many Organizations

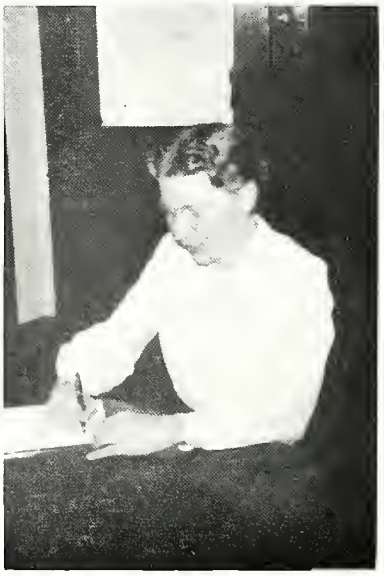
Indiana State Teachers' College; Butler University, A. B.; Graduate work, University of Chicago, Indiana University, M. A.

Since Mr. Julian took office, he has worked not only to maintain the system's high ranking among Northern Indiana schools, but also to improve it. He has been active in local and state organizations. At the present, Mr. Julian is a member of the state Teachers' Retirement Board. He is chairman of the Porter County Red Cross Association, is on the Public Library Board, and is a member of the Rotary Club.

Another person indispensable to the school is Mrs. Grace Rickard, who in addition to helping Mr. Julian has charge of the high school book store.

In addition to her many duties as secretary to Mr. Julian, Grace also sells school supplies to the students.

GRACE RICKARD
Secretary to the superintendent



Messages to Students

Youth is the time of much dreaming. We all dream of becoming illustrious men or women and receiving the plaudits of our fellows. This is as it should be, for we receive much inspiration from our dreams, and out of them come great things. But man, through the centuries, has learned that dreams are never realized by wishful thinking but only through self-denial and strenuous effort do they come true.

America's greatest need is, "men and women who are mentally well adjusted and physically fit to endure." May each of you be the man or woman whom America needs.

H. M. Jessee,
Principal.

HOMER M. JESSEE, Principal
Mr. Jessee gives attention to his school correspondence.

Mr. Jessee Completes Thirty Years of Service

Valparaiso University, B. S.; Indiana State Teachers' College, A. B.; University of Chicago.

Mr. Jessee is the one to whom the students of V. H. S. may turn for personal advice. He has the information and experience to meet the many needs of the boys and girls and their school. He has successfully controlled the affairs of the high school for thirty years and has maintained its excellent standing among the schools of its size.

Mr. Jessee has kept the morale of the student body high and has inspired good sportsmanship and confidence in every participant of school life.

Mrs. Charlotte Barkley, a graduate of Valparaiso High School, is Mr. Jessee's secretary. Charlotte is a friend to all whose steps pass through the halls of this building.

CHARLOTTE BARKLEY
Secretary to the principal

Charlotte's duties in the office and about the building bring her in daily contact with the students and teachers.

GERALD H. STONER
President

Three Citizens Direct Schools

The school board of Valparaiso is composed of three citizens who may be either men or women and may be members of any vocation or profession. They are appointed by the city council on the recommendation of the mayor. The term of office is three years, but a member usually serves at least two terms and his position changes each year by rotation. The major job of the board is to make the budget and formulate the policies for the public schools. The members initiate the construction of new buildings and improvements. Last, but not least, on the recommendation of the superintendent of schools, they contract the teachers for all Valparaiso public schools.

Dr. Gerald H. Stoner

The life of a doctor is often a variety of experiences. Such is the case of Dr. Stoner, who is serving his third year on the Board of Education. He now holds the position of president. Dr. Stoner, a native of Porter County, was graduated from Wabash College and the former American College of Physicians and Surgeons.

MARVIN C. CAIN
Treasurer

Marvin C. Cain

Mr. Cain, the auditor of the Continental Diamond Fibre Company of Valparaiso, is a graduate of Washington Township High School here in Porter County. He now holds the position of treasurer on the school board. He is not only the youngest member of the board, but also is the newest, this being his second year of service.

Mrs. Maude V. Douglas

Mrs. Douglas, the wife of a local doctor, is the second woman to hold a position on the Valparaiso Board of Education. This year she is serving as secretary and is completing her fourth year. Mrs. Douglas, a graduate of Albion College, Michigan, is well-known in Valparaiso for her club activities.

Senior Footsteps to Be Filled by Juniors

As the footsteps of the students lead closer to the end of high school, the juniors have but one more step to take. In November the class was organized by the sponsor, Miss Vera Sieb. Those elected to offices were Donald Findling, president, and Jean Holt, secretary-treasurer. Later Bryce Billings and Mary Nolan were elected editor-in-chief and business manager respectively for the 1943 *Valenian*. Phyllis Crisman, Lawrence Olinger, Donald Findling, and George Doelling have led the class in scholarship and athletics.

Sophomores Forge Ahead

Barely out of the footprints of freshmen, the sophomore class has taken the second step on that road which leads to graduation. They have traveled the longest and hardest route and are now proving that, although they are unorganized and are without a sponsor, each can take his place among those who have gone before him. Scholastically, Beverly Edwards and Elinor Julian have excelled, and in the field of athletics, George Ball and Paul Thune have proved superior in football and basketball respectively.

Activities

School activities are formed for the development of poise and initiative of the members as well as for pleasure. They are conducted by the students themselves under the supervision of various instructors. Each pupil belongs to at least one organization.

Top, left to right: Francis Bryant, editor; Cornelia Powell, literary editor; Joe Bibler, business manager; Mrs. Foor, sponsor. Bottom, left to right: LaVergne Niequist, girls' sports editor; JoAnn Whipple, activities' editor; James Wright, art editor; August Raelson, boys' sports editor; Virjinia Day, snap-shot editor; Winslow Jones, snap-shot editor.

Nine Staff Members Edit Book

The footsteps of nine senior students are directed each year by Mrs. Foor in the compilation of the yearbook, the *Valenian*. The editor-in-chief and the business manager are elected the preceding year by the juniors, and the other seven are elected by the seniors at the beginning of their senior year.

The book is being financed without dues or advertisements. The class depends entirely upon the sale of books at one dollar and fifty cents a copy and profits from milk and confections sold at noon and at athletic contests. In previous years each senior paid dues and was given two yearbooks. This is the first year for the new plan which necessitates that each senior buy his annual, but no dues are paid.

The cost of the *Valenian* is between $1100 and $1200. Each member of the staff devotes an average of one period a day to this work until the book is completed. No credit is given for this work, but at the end of the year an award is granted to those who have completed their tasks well. Last award day monograms were given to Jack Kuhn, James Howard, Frances White, Margaret McGillicuddy, Bernard Howard, Rosemary Koch, and Janet Shauer. The same emblem was sent to the family of the late Robert Johnsen.

Last year the *Valenian* was granted a first class honor rating, excellent, by the National Scholastic Press Association and Quill and Scroll.

Class Publishes School Paper

The *Valpost* is a bi-weekly paper published by the journalism II class under the supervision of its sponsor, Mrs. Emma Foor. This group has been trained in the principles and technique of news writing in the previous semester in journalism I. Each fall the new staff's first duties are to seek advertisements, put on a subscription campaign, and have a first issue ready for distribution by the end of the third week. In making the budget the staff counts on about $450.00 from advertisements and $225.00 from subscriptions. The paper sells for fifty cents a school year or thirty-five cents a term.

The staff tries to cover all of the school activities so that the paper will give a complete picture of school life in V. H. S. There are sixteen issues during the year, and if time and money permit an extra senior paper is put on the last day of school.

Reserves Hold Joint Meetings

The first of the three divisions of the Girl Reserves is the senior group sponsored by Miss Miller. It is this group in whose footsteps follow the other groups.

A style show was presented by the senior Girl Reserves at the first of the monthly joint meetings. The Junior Girl Reserves were in charge of the joint meeting held at Christmas. A highlight on the program was a talk by Mrs. Cortelyou on "What High School Girls Can Do in the Present Crisis."

New Reserves Learn Code

The first section of the Girl Reserves is that made up of forty-seven freshman and sophomore girls, under the sponsorship of Miss Olie Welty. It is in this group that the girls learn the song and code, and what it means to be a Girl Reserve. Those girls who have earned at least fifteen points, by showing that they are worthy to become members of the organization, are admitted to the club at the formal induction ceremony, held in February.

This year the freshman-sophomore group was very active in helping to prepare Thanksgiving baskets and in selling Christmas seals. The programs presented at the meetings, under the leadership of Jacqueline Allett, were planned with the idea that the girls should benefit from them. Various readings were given and articles were read which carried out this theme. One of the highlights of these meetings was a talk by Mrs. W. I. Wilson who explained the relationship of the figures carved in Mt. Rushmore to all Americans.

Pledges Inducted Into Group

The induction for the first semester takes place after Christmas. At this inspiring ceremony, seven pledges were received into the organization. More pledges will be initiated in the spring. Since the induction is so long, only one boy is taken through the whole ceremony while it is given to the others in abbreviated form.

The trend of the members of the Hi-Y is expressed in their motto, "to create, maintain, and extend throughout school and community high standards of Christian character." The thirty-four members, with Mr. Schenck and Mr. Warner sponsors, benefit the school through their sale of pencils, their maintenance of a check-room at basketball games, their bookstore, and the provision of Christmas seals for the *Valpost*.

At the beginning of December, the members feted their fathers at a banquet. Each year the newly elected officers travel to Indianapolis to the State officers' meeting. Other representatives are sent to the district Older Boys' Conference. Of great interest to the club is the annual party given by the senior members.

Joe Bibler was granted the annual award.

Club Has National President

Under the sponsorship of Miss Bartholomew, the Home Economics Club has left foot-prints along an interesting path of activities.

At a fall meeting the new members were installed by Gene Beckwith, the national president of the Home Economics organization, and also state president until October 23. At that time Gene presided over the state Home Economics Convention. The local delegates to this convention were Mary Forbes and Betty Noonan.

In December the club held its annual bazaar, featuring different styles of aprons and a fashion show. At Christmas, its tradition of selling fruitcakes was carried on, adding a substantial sum to the treasury.

The highlighting features of the year's program were in honor of Gene Beckwith. Among these were a formal dinner at which the members of the LaPorte chapter were guests. A personal shower was given for Gene before she journeyed to Boston for the National Convention.

According to the annual custom, a mothers' and daughters' tea was given in the high school economics room. In addition to a program built around Mother's Day, refreshments were served.

A step forward for the club was its entrance into the state scrapbook contest. The theme they presented in their book was their activities for the year.

Gene Beckwith and Jean Deckro were given the club awards

Masqueraders Present Plays

The "Footlight Masqueraders," under the direction of Mr. Conkling, presented several entertaining plays before the student body.

Opening the season was a lilting comedy entitled "The Trysting Place." The able cast included Mary Forbes, Tom Johnston, Gene Beckwith, Bill Conover, Mary Thrun, Walter Bauer, and the voice of a hidden character. Other plays given were "The Women Folks" and "Elmer." The members of this club have worked very diligently on the betterment of their plays, at times beginning play practice as early as 7:30 o'clock in the morning.

These did not make up the only activities of the club, for, due to the fact that no class in dramatics was held this year, the club studied the arts of make-up, costuming, diction, stage lighting, scenery, and carried on an extensive research in plays and of actors. Voice was studied for the purpose of portrayal of emotions by the use of coloring, pitch, inflection, emphasis, timing, modulation, energy, quality, and variety. Acting was studied for grace in movement both on and off the stage; stage-craft to inform the students how the stage is set and what goes into the setting; costuming for the value of line and color.

They are often called upon to aid outside organizations. They assisted in making-up the casts for the Hebron junior play and the Junior High School operetta. Present plans include a trip to the Gary Civic Theatre where they will see plays given by other amateur performers.

Last year the dramatics awards went to Marie Morthland and Signe Lindberg, both seniors.

Thirty-Three Pupils in Sciemus Club

Although but half of the year's program of the Sciemus Club has been carried out up to date, the footsteps of the thirty-three members have already led them into varied fields, such as talks by members of the club and local business men, and demonstrations by students and instructors. Visits to Continental Diamond Fibre, McGill's Metal Works, and Indiana Steel have been planned. However, because of the defense program these tours may not be permitted. Also they will take their annual trek through the local water works.

One of the highlights of the year was a demonstration by Mr. James Horner, of the new biscope, which magnifies and projects on a screen the objects under observation. With the aid of this instrument, Mr. Horner showed the chemical action of various bacteria.

An award is given each year to the member of the club who shows the most interest and ability in scientific work. Last year James Howard was honored by this award. Meetings are held once every two weeks at which time the different phases of science are discussed and demonstrated. This work is carried on independently by the members, Mr. Pauley, the sponsor, acting only in an advisory capacity. The club belongs to the Junior Academy of Science.

Commercial Club Studies Defense

A popular club with the student body is the commercial club, sponsored by Miss Hudson. All students who have taken any commercial course during their high school life are eligible for membership. This year the fifty members of the club adopted as their theme "The Relation of the Student and the School to Our National Defense." The educational committee meets Friday morning after each Thursday meeting of the club and decides the program for the next meeting. During the year the meetings extended the theme by speeches and plays.

The activities of the club are worthy footsteps toward better understanding of our defense program. As is the custom of the club, a Christmas party was given on December 18 at the Junior High School. Since the club is not supported by dues, the money needed for such parties is collected from the members.

Another activity of the club is the compilation of a scrapbook in which is a summary of the year's events, minutes of all the meetings, and the financial reports. The scrapbook manager in charge of the book is Emily White.

Last year the commercial awards went to Margaret Snow and Warren Hoover. Miss Hudson made the presentation.

Debate Club Ends Second Year

Although a comparative new-comer of but two years' existence, one of the most promising clubs in the school is the debating club. It is made up of high ranking students, each of its twenty-one members being on the honor roll. The aim of the club is the same as the aim of the English V course: to give the student confidence and poise when giving an address.

A delegation of five representatives of the club was taken by Mr. Koch, the sponsor, to attend the Purdue Debating Conference at LaFayette at the beginning of the year. One debate is given each week at the regular meeting. Some of the subjects debated upon were: *Should Valparaiso High School Have a School Cafeteria?*, *Should the Draft Age Be Lowered to Eighteen?*, *Should Valparaiso High School Have Public Text Books?*, and *Should Valparaiso High School Have Student Government?*

Brand new footsteps were taken by the club this year. In the second semester, the club entered into, for the first time, a regular debating conference. Debates were exchanged with four schools: Hammond High School, Crown Point High School, George Rogers Clark High School, and Washington High School. Another innovation was the entering into state and national debating organizations.

The club presents a monogram as an award each year to one of its members. Jean Holt received the monogram last year.

Aero Club Has New Sponsor

The Valparaiso High School Model Aero Club started the new year off by reorganizing the club under its new sponsor, Mr. James Horner. Officers were elected and the club decided to meet every Thursday instead of every other Thursday. The object of this was to have more time for the members to fly their model planes. In order to get into the club, the members have to pay a small fee, besides the dues that are paid each month. The club tried something new in the constructing of planes at school. The reason for this was to help the members inexperienced at the art of model building. These members could watch the more experienced builders construct their planes and thus learn more about building and flying their own models. Each member brought a kit to construct a plane at school.

The club also held contests in which the members entered their models. The winners received cash prizes which sometimes more than paid their dues. Although the gas model that the club owns has never been entered into any out-of-town contests, it is hoped that it may be soon. One of the main objects of the club is to interest the members in future aviation, and it has so far succeeded in doing this; some of its past members are now in aviation work.

J. B. Brown Sponsors Tumbling Club

Twice a week, twenty-five pairs of footprints may be seen leading toward the gymnasium; for it is then that the tumblers of Valparaiso High School, under the sponsorship of Mr. J. B. Brown, practice their hand springs, head springs, back hand springs, snap ups, hand walking, high diving, and somersaults.

The tumbling team, made up of from fifteen to seventeen of the members, has made several exhibitions. Among these have been at Portage, Chesteron, Boone Grove, Knots, Liberty, and Valparaiso University. In the middle of the season, the team lost two of its outstanding members, Claude Biggs and Mark Cadwell, who entered the navy and the coast guard, respectively.

A special convocation was planned this year with the tumblers. especially, in mind. Three tumblers, two of them national tumbling and diving champions, demonstrated before the student body various phases of tumbling, including comedy. Several members of the tumbling club were given an opportunity to try out the trampoline, a springing device patented by one of the performers.

Members of the tumbling club who received awards last year were: Donald Ashton, Claude Biggs, Charles Black, Thomas Bryarly, James Dunlap, John Grundell, John Keen, Melvin Porter, John Stanton, Malcolm Varner, Adrian Nichols. Mr. Brown presented the awards to the boys.

Band Places in Contest

Each year the concert band hopes to be able to fill the footsteps of the same organization of the previous year. The 1941 concert band, Class B, entered the district and state contests and placed in first class division in both. There was no national contest last year.

Solos and ensembles entered in twenty-one events in the district contest, sixteen placed in first division. In the state contest seventeen events were entered, ten received first division and twelve were sent to the national contest at Flint, Michigan. The following honors were given: First Division Honor —Adeltha Johnston, bassoon solo; Jean McIlvain, French horn solo; brass quartet. Second Division Honors—Robert McKay, cornet solo; Marylou Peck, alto clarinet solo; Robert McKay, student conducting. Third Division Honors — Charles Harmon, cornet solo; Virginia Makovsky, flute solo; brass quintet; brass quartet; clarinet quartet.

The band presented two concerts during the year, one at Christmas and the other in March.

The marching band and the concert band are made up essentially of the same students so all share equally in all outside activities such as parties given by the groups and band mothers.

Band Participates in Parades

The marching band, composed of sixty members, plays an important part in the school and community life of Valparaiso. Many times during the year the marching band was asked to participate in local parades. One of the outstanding appearances was in the Patriotic Pageant presented between the halves of the Hobart-Valparaiso football game.

Band parties for the year included a beach party in September, a Christmas party, an ice-skating party, and a roller-skating party.

On the 1941 Award Day the following were merited band service stripes: Gerald Adams, Alvin Beach, Robert Blackney, Frank Bogan, Mabel Brown, George Clark, Bruce Crockett, Ruth Cotterman, Lois Dittman, Wilna Davis, William Domke, Jack Dooley, David Evans, Joy Freer, Betty Frazier, Charles Harmon, Marshall Handschy, Junior Hoffman, Donald Hiltpold, Adeltha Johnston, Bob Krieger, Delmar LaCount, Victor Lindberg, Jim Lindall, librarian; Wayne McDaniels, Jean McIlvain, Bob McKay, Virginia Makovsky, librarian; Richard Marrell, Marilyn Miller, Bill Morthland, Wayne Moser, Maynard Niequist, Mary Lou Peck, Bob Schumacker, Bob Sawtell, property man; Howard Stipp, property man; Florence Shinabargar, librarian; Jeanette Schultz, Arnold Stoner, Bertha Swanson, Wilma Swanson, Bob Wheeler, Norma Whitehead, Roy Williamson, Kathleen Witner, and Robert Worthington, property man.

Glee Clubs Sing Before Assemblies

The boys' and girls' glee clubs have been very active during the school year, appearing in public outside of school and on various occasions, singing before the student body. The boys' club is composed of nineteen members, and the girls' organization numbers twenty-one.

One of the outstanding appearances of the clubs is their Christmas carol singing. The groups spend many hours in preparing Christmas songs, and on the last day before the Christmas vacation, Mrs. Myers takes the carolers for a tour of various city schools and the downtown districts, singing the familiar carols. They sang in the court and halls of the high school.

Choir Wins High Rating in County Festival

Every Thursday morning the footsteps of twenty-one girls and nineteen boys led them into the school library for one period of choir practice. This group known as the Valparaiso High School a capella choir, is under the supervision of Mrs. Myers, music director for the city schools. Although such a short rehearsal time is not conducive to much accomplishment, the choir's participation in the Porter County Choral Festival won a high rating from Mr. Noble Cain, Festival Judge, who was amazed when told that their rehearsal time was limited to but one period a week. They have appeared before the student body at convocation a number of times and are planning to enter the District Choral Festival in March.

This year is the second time that the high school has had a choir. It takes the place of the double quartet which was eliminated. Awards will be given to members of the group at the end of the year.

An innovation made the second semester of this year was the organization of a harmony class with Mrs. Myers as the instructor. It is a regular subject meeting one period a day, five days a week. The pupils in the class receive full credit for this one term subject.

TUNE IN OPERETTA

Operetta Revived Last Spring

The troubles of the owner of a radio program were brought to light by the Valparaiso High School Glee Clubs in last spring's operetta entitled *Tune In*. The custom of presenting an operetta was revived last year by Mrs. Mary Myers, music instructor of the city schools, after several attempts in former years which had to be abandoned because of lack of time.

The lively cast was as follows: Kasper Kroggins, the Codfish King, was enacted by Dick Moltz; Mrs. Kroggins, his ambitious wife, by Jane Rubini; their daughter was played by Janet Shauer; Leland Salberg played Joe Brown, owner of the radio station, WTNT; Jerry Kennedy, advertising manager of Kroggins Kippered Kodfish Company was enacted by Claude Biggs; "Dynamo Dave," played by Clarence Buelow, was production manager of WTNT; Elaine Magid was Mitzi, switchboard operator at WTNT; Bob, the engineer in charge of the control room was enacted by John Grundell; Bob Gratton played the part of the announcer at WTNT, J. Bottomby Binks; Throckmorton, who "wanted to see Mr. Brown," was played by Bob Gloyeske; Joe Gaunt played Lysander Phipps, a theatrical producer; and the singing team was played by Bettylou Hilton, Dorothy Mockler, and Lu Jane Wertman.

Jane Rubini gave an outstanding performance, rendering vocal selections that were resonant and ear-splitting but very amusing. The love interest was rendered by Janet Shauer as Miss Kroggins and Leland Salberg as Joe Brown. The chorus was composed of both the boys' and girls' glee clubs.

Last year the operetta awards went to the following: Jane Rubini, Dick Moltz, Elaine Magid, Claude Biggs, Janet Shauer, Leland Salberg, Bob Gratton, Jeanne Claudon, the accompanist; Margaret Thiesen, Jack Dean, Jean Deckro.

Spring Festival Draws Record Crowd

Before a record crowd of one thousand, six hundred fifty-seven people, seven hundred and fifty children of the Valparaiso city grades, junior high, and high school participated in the May Festival.

The theme of the year's work was "The Forming of the States," which was brought out by colorful dances and costumes. The boys and girls in the dances of "The Melting Pot" were dressed in costumes like those once worn by people in England, Ireland, Scotland, and Sweden. The "Gay Nineties" period was represented by the number "Little Old New York." The girls in the dance "Tom-tom Rhythm" appeared in Indian costume. The children having parts in the "Arkansas Traveler," the "Snow White Dance," were dressed according to their dances. The girls in the "States' Ball" wore cotton print formals while the boys wore white trousers and dark coats. Jeanne Claudon was the accompanist.

An admission price of twenty-five cents for adults and ten cents for children was charged. The profits are used to buy equipment for the grades and G. A. A. program.

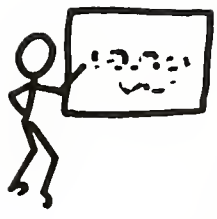
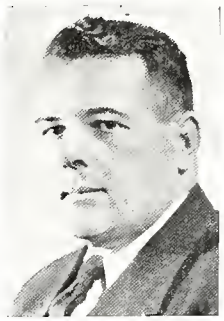
Athletics

Athletics is that part of our school life which adds color and recreation to the business of books. It brings about physical development and makes for good sportsmanship in the participants, besides creating a stronger school spirit.



Ralph Powell, basketball and track coach



John E. Wiggins, football coach

Viking Gridders

In preparing for the football season, which initiates the athletic season at the beginning of the school year, Mentor Wiggins, with the assistance of Coach Powell, began rigid practice a few weeks before school opened for the oncoming season. The practices which were held during those weeks were of little success, however, because of the small turnout, but, with the start of school and varsity men back, there was a new hope in the prospects for the green but fearless squad. Four weeks of hard practice continued before the opening of the schedule.

On the night of the opening game, which was at Crown Point, the Viking gridders came out onto the field with a determination, that of getting revenge over Crown Point. This they did, for they came out on top with 20-13 victory. Touchdowns by Gray, Woycik, and George Doelling provided the victory for the Vikings.

In the second game the Vikings traveled to Griffith to see if they could fathom the aerial offensive of the underrated Griffith eleven. The game ended with an upset over the Vikings by a score of 6-0. Viking attempts to score were numerous but with little success.

The third game with Rensselaer revealed a different Viking crew. Everyone on the team played improved ball, thus earning a victory by a score of 20-0. Charles Younce, with excellent blocking, proved to be the evening's outstanding feature with his spectacular running.

The Viking gridders traveled to LaPorte for the fourth game. The experienced Slicers very quickly proved their superiority, and the game ended in a decisive victory for LaPorte by a score of 31-0.

game, another out-of-town affair, was played at Roosevelt of East Chicago. This proved a different game from the latter week's battle, showing the Vikings in a better spirit, although they did lose to the Rough Riders by a 7-0 score. They played a good defensive game and threatened to score at times, but the Rough Riders, a superior team, arose victorious.

The Viking gridders, having finished their long road trip, returned to Boucher Field to play Hobart. After losing to Laporte and the Roosevelt Rough Riders consecutively, they turned the tide by defeating Hobart, in a well-fought battle by a 13-7 decision. In defeating Hobart, they deflated the talked-about record of Hobart's scorer deluxe, Lewis Rose. With excellent recovery of passes, good blocking, and beautiful work by the backfield, the Vikings annexed a well-earned victory.

Viking Eleven Results Vary

The Vikings finished the 1941 season with a variety of results, a win, a tie, and a loss. The seventh game of the season brought the fourth and final victory for Valparaiso, a 6-0 triumph over South Bend Central Catholic. Chuck Younce returned a punt forty-five yards for Valpo's only touchdown. Although the Vikings fought their way into enemy territory several times and knocked often on the Central goal-line, they lacked the necessary force to break through the Indian line.

The eighth and next to last game of the season was a rather triumphal decision for the Viking gridders, holding Lowell to a 7-7 tie. Playing in a constant rain and a muddy field, the Vikings upset the predictions of the experts who gave them little or no chance against the Lowell eleven. Walt Woycik provided the touchdown and extra point for Valpo, scoring from the three yard line. This tie for the Vikings provided the revenge they wanted for last year's setback, Valpo being defeated by a score of 40-0.

The team concluded the season by losing a 7-0 decision to Hobart. This triumph by Hobart avenged an early 13-6 win, a game which the Vikings brilliantly played. The Vikings tried unsuccessfully to push over a touchdown many times but could not obtain the yardage needed. The vital statistics proved this, for the Vikings got only three first downs to Hobart's fifteen and fifty-one yards gained to Hobart's two-hundred forty-nine. This defeat, however, did not ruin the Vikings' record for the season, for they showed improvement over last year by winning four, losing four, and tying one.

The seniors who concluded their high school football careers were: Ralph Doelling, Duncan Garrison, Robert Gray, Richard Henderson, Walter Woycik, and Charles Younce.

The underclassmen who played were: George Ball, Alvin Beach, Howard Billerbeck, Mendill Burrus, Vance Burrus, George Doelling, Herman Corsbie, Duane Collins, Jack Dooley, Donald Findling, Paul Havlick, Bill Johnson, Nicholas Polite, Harold Riddle, Eugene Sanders, Bob Soliday, Bill Wellman, and Malcolm Varner.

Viking First Team Wins Few

Facing tough competition, the best in the state, the Valpo Viking's cage season for 1941-42 was rather gloomy; the team ended with a record of only two wins, out of twenty-one games.

The two successive games in which the Vikings found the victory trail were with Michigan City and Tolleston. They dropped Michigan City in a very exciting tilt by a score of 28-21. On the following Friday night they defeated Tolleston in a close battle, 20-17, which concluded their victories for the season.

There were many other games, however, which proved the ability of the team on fighting no matter how far behind. The two games with Lew Wallace were bitterly fought to the last minute, the scores being 28-26 and 29-26. Games with Horace Mann, Hammond Tech, Whiting, and Emerson also proved this ability.

Concluding their season they prepared earnestly and with high spirits for the coming sectional, which was held in the Memorial Auditorium in Gary. They were scheduled to play Tolleston as their first opponent toward winning the Gary

sectional. Although the boys had the determination to win at any cost and played hard, they could not seem to turn the trick and lost by a score of 37-33. This was their best game of the season, and they again proved their ability and their courage by not considering themselves beaten until the final shot was fired.

The 1941-42 season cannot be looked upon as a failure by the team, the coach, or the fans. If one considers the competition and the total number of points made, the record of this team is not as bad as it might seem.

Reserves Play Full Schedule

Improved a great deal over last year's squad, the second team of Valpo High finished the season with seven wins and thirteen losses. Of the first five victims, Michigan City and Tolleston were the most troublesome, being defeated by only two points each. The team lost the next six games but won two of the last nine games, an overtime with Washington and a win over Hammond Clark.

The freshman team practised three nights a week and won eight out of eleven games. The sophomore team finished its season with five wins and five losses.

The sophomore team consisted of: Jack Toole, Joe Long, Allan Tidholm, Robert Bogan, George Ball, Gordon LaTour, and Gene Gray.

The freshman team consisted of: Frank Lightcap, Robert McKim, Jack Sievers, Dick Smith, Harry Nielsen, Robert Scoville, Elvin Arnold, Wayne McClellen, Delbert Bordeau and Daryl Lindberg.

Vikings Conclude Baseball With Seven Wins

This being the school's last year for baseball as a major sport, the Vikings looked forward hopefully to a successful season.

They started by winning from Chesterton but lost their second game to Washington. They went on to win from Roosevelt and Tolleston, but Hammond and Washington won the next two. A winning streak followed with three wins and two losses for the Vikings. Winning one of the three final games, the Vikings ended the season with seven wins and seven losses. Home games are held at the Valparaiso fair ground since the high school does not afford the team with a playing field. Because of the lack of equipment, and the inauguration of spring football, this sport will be discontinued for the following year. During the present emergency, the athletic directors are making no definite plans for the near future in this sport.

Trackmen Win Four of Nine Meets

Track, the most popular springtime sport, was a successful season for the Vikings, the cindermen winning four of nine dual meets. In the Triangular Meet they scored thirty-five points coming in second behind Michigan City, who won with eighty-four points. In the LaPorte Invitational they came in third with forty-eight and a half points, LaPorte and Hobart ahead of them with seventy-nine and a half and sixty-nine points, respectively. In the Chesterton Relays, a big event for Porter County cinder-squads, the Vikings finished third.

In the Conference meet at Roosevelt of East Chicago, the Vikings scored three points. The Gary sectional was won by Horace Mann, Valpo coming in last with one point. Jack Brownbridge, scoring the lone tally, was qualified to represent our school for the state meet, thus ending the season.

Golfers Finish 1941 Season With One Win

The golf team of V. H. S. had a rather disastrous season in 1941, winning one out of the twelve meets. Playing against stronger opposition and the lack of experienced men proved to be the main obstacles. With but one member of the 1940 team returning, Coach William Kendall had to build his inexperienced team around the veteran, Charles Sink. The team included Delmar LaCount, Byron Smith, Jack Dougall, Robert Bibler, Jack Burt, Alfred Meyer, George Shauer, and Richard Smith.

The Viking tee men started the season by defeating Griffith. This proved to be their only win of the season. Defeats by Riley of South Bend, Hammond, Lew Wallace, Hobart, LaPorte, Michigan City, and South Bend Central followed. The team finished fourteenth in the State Tourney at Indianapolis.

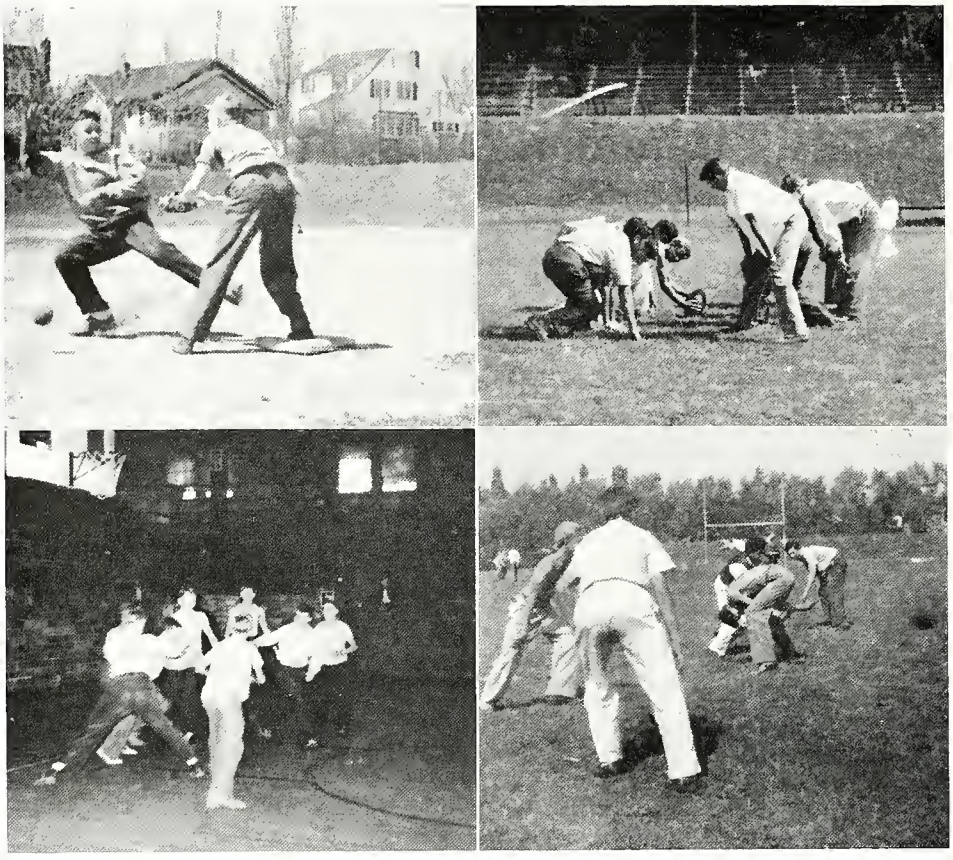
Touchball, softball, and basketball are three of the noonday league sports for boys.



Noonday Activities in the Gymnasium and on the Field

Noonday League Offers Three Sports

Noonday league, very popular with the boys in the school, is held from the opening of school until the closing day, the participants sacrificing their noon dinners at home to get in a game of basketball, football, or indoor baseball.

Football is the first sport which is played in noonday league. Every noon the boys interested in the sport are formed into two teams. They play strenuously until about 12:45. In many instances, these games become rather rough, boys coming into classes with shirts torn or their faces roughened, or other signs of struggle.

During the winter months, basketball takes the realm and extends into March. The boys interested in this sport practice for a few weeks and then are organized into eight or nine teams according to the number of boys. Coach Powell then makes a schedule, each team playing about one game a week. Two schedules are played off during the season and the teams winning each schedule play for the championship. At times, these games are rather strenuous, because the refereeing is done by spectators picked at the time of the game and therefore, would not be very strict. However, they usually finish the games in time for afternoon classes.

The third sport that noonday league offers is indoor baseball which is played in the spring. The teams, as in football, are organized from day to day. This sport ends with the close of school.

Elsie Harrison Guides G. A. A.

Miss Elsie Harrison is, in the eyes of the girls in G. A. A. as well as the physical education classes, a guiding light towards clean fun and good sportsmanship. She has taught them to follow in the right footsteps of fairness and square play.

Elsie Harrison
Girls' physical education instructor

G. A. A. Program Varies During Year

G. A. A., standing for Girls' Athletic Association, also stands for clean fun and good sportsmanship.

This organization is sponsored by Miss Harrison, girls' physical education teacher, and is composed of girls who are interested in athletics of various kinds. The G. A. A. has one of the largest memberships of any club in the school and offers entertainment as well as sport.

The business meetings of G. A. A. are held on every other Thursday morning at 8:32 in room 102. At these meetings, the girls discussed various business matters which turned up during the year. Along with business, the program committee furnished interesting and humorous programs.

The sports activities of G. A. A. include soccer, volleyball, basketball, baseball, archery, tumbling, tennis, and noonday league sports. These sports were held at four o'clock, on various days of the week.

Besides meetings, after school activities, and noonday league sports, the Girls' Athletic Association also held some social events. At the beginning of the year, a freshman party was held in which all the girls became better acquainted with each other. Also, after the basketball season, the annual banquet was held. This is probably the most outstanding social event of the year for the G. A. A. members.

Rosemary Claussen
Winner of the G. A. A. trophy

G. A. A. Senior Wins Cup

Every year at the award day held in the gymnasium, an award is given to the senior girl who is outstanding in sports. The girl who received the award last May was Rosemary Claussen. This award is a silver cup which has the girl's name engraved on it, and is given to her to keep through the summer. She is also given a silver pin which she may keep for herself.

Rosemary was the president of G. A. A. last year. She is the eleventh girl so honored.

G. A. A. Board Directs Club Activities

In order to keep the Girls' Athletic Association moving along in a methodical manner, each year a board is put into effect by an election of four officers at the end of the school year. The officers elected then choose the remaining members of the board. This board consists mainly of seniors, but also has some lower classmen serving on it.

The officers for the past year were: LaVergne Niequist, president. She carried out all the duties of a president; Doris Lain was vice-president, and served as recorder of the points; Kathleen Nolan was secretary and had charge of the minutes of each meeting and keeping attendance; Florence A'Neals, treasurer, collected dues and other money.

The other members of the board were: Mary Jane Bucher, basketball chairman who carried out her duties of making out schedules of games and keeping them going. Frances Erea, soccer chairman, Mary Lou Peck, volleyball chairman, and Virjinia Day, baseball chairman, had the same duties in their respective sports. Mary Helen Breen and Caryl Lofquist cared for the noon sports, Virginia Paul supervised archery, Martha Wharton had charge of tennis, and Wilma Berkey was tumbling chairman.

Minor offices, but important ones, were held by Lois Dalke who kept the scrapbook in shape, Betty Frazier who saw that all the equipment was in, Peggy Toole who collected and recorded miscellaneous points, Marge Holst, Mary Nolan, Harriet Arnold, and Bonnie Podreskey who provided programs, and Jean Haley who did the art work of the club.

Banquet is Main Event of Year

Holding their annual banquet at Central Junior High School April 25, 1941, was the main social event of the year for the girls in G. A. A. The event was held in the gymnasium which offered a better view of entertainment on the stage than did the high school library in previous years.

The banquet is planned and prepared by the G. A. A. board, but many of the underclassmen enter into the program, including a representative of each class who gives a speech expressing her feelings toward the past year in G. A. A.

As always at the G. A. A. banquet, the minor awards of numerals and monograms were given. Forty-five girls received these awards. Sweaters were issued to those girls earning fifteen hundred points, and chevrons to those earning five hundred points over fifteen hundred. These sweaters were issued on award day in May.

Those receiving sweaters were: Marie Morthland, Frances Erea, Martha Wharton, Doris Lain, Frances White, and LaVergne Niequist. Chevrons were issued to Arlene Benson, Hilde Buck, Rosemary Claussen, Marion Scoville, Janet Shauer, Doris Lain, and LaVergne Niequist.

Mary Bucher Heads Basketball

Under the leadership of Mary Jane Bucher, basketball had a very successful season. This, the third major sport of the year, began just after Christmas and ended March 13. At the beginning of the season, "A" and "B" teams were chosen and a schedule prepared. These teams were picked by Mary Jane and Miss Harrison.

As always, a round-robin tournament was played, and it ended in a tie for first place in the "A" team schedule, with teams five and six each winning the same number of games, and a win for team eight in the "B" team schedule. Many of the games were very close, and all of the girls had exciting moments when the game stood in the balance of whether or not a free throw was successfully completed.

After the regular schedule was finished, the class teams were chosen, and the class team tournaments were played. After the drawings were made, it was found that the freshmen were to play the sophomores and the juniors were to play the seniors. Although the freshmen made it "tough sledding" for the sophomores in the first half, the second year team proved impossible to beat and emerged with a 6-2 win. The seniors were victorious over the juniors and won a place in the finals. The two winners, sophomores and seniors, fought hard and kept very close in the first half, but in the second half, the seniors pushed in one bucket after another and came out on top, 16-6. This is the third time that the class of 1942 has won the basketball tournament. They won it first in their sophomore year, then followed it up in their junior, and finally their senior year. They were the first senior class team to have their names put on the G. A. A. basketball cup.

Soccer Opens G. A. A. Sports Season

As the first sport of the year, soccer began in early September and carried through October. This year soccer was under the direction of Frances Erea who, with the aid of Miss Harrison. picked the class teams at the end of the round robin tournaments. The winner of this tournament was team one.

Goal made by free kick.

Mad scramble for the ball in a 4:00 o'clock soccer game.

The regular season was interrupted frequently by bad weather, but the schedule was followed as closely as possible. Soccer was held on Tuesdays and Fridays, and each night six or eight would play. There were eight teams in the round robin tournament, and all of them played their hardest in order to win a place at the top of the standings. However, team one was hardest to beat and won the top standing and along with it, each member of the team received twenty-five extra points. Team eight ran second, and each member of this team received fifteen extra points.

The class team tournament this year was won by the sophomores who defeated the juniors in a hotly contested game. At the end of the game, the score was tied and the winner was decided by penalty kicks, the sophomores scoring one more goal than the juniors. This was the first class team tournament won by the sophomores since they entered high school. The members of the sophomore class team included: Dorothy Becker, Dorothy Gordon, Shirley Hepner, Kathryn Hippensteel, Mary Hollett, Frances Jacobs, Betty Jungjohan, Victoria Lindberg, Joanne Ragsdale, Elinor Julian.

In the games, the goalies were stubborn and only one goal was made in the regular playing time of all the games. The sophomores defeated the freshmen by a score of 2-0 in the first game, and the juniors and seniors fought to a scoreless tie. Because it would take too long to play an extra half, the two teams were each allowed five penalty kicks. The juniors won the game when they made one more goal than did the seniors.

The final game also ended in a 0-0 tie and penalty kicks were once more resorted to. Both teams scored the same number of goals on the first tries, but the sophomores got their last kick through the goal post to win by one point.

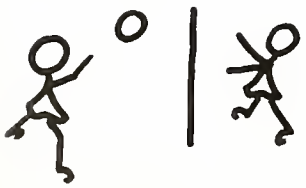
Baseball Ends Sports

Concluding the G. A. A. program for the year is the spring sport of baseball. This activity is the last major sport, and as it affords the girls a chance to get outside again after playing indoors all winter, many of the members sign up. Last spring, baseball was under the direction of Marie Morthland, who divided the girls into teams and then matched them against each other in a round robin tournament. Team three proved victorious in this tourney, and team seven was runner-up.

In the class team tournament at the end of the season, this year's seniors, who were juniors then, conquered a sophomore team to walk away with the fruits of victory. The seniors were defeated by a strong junior team in the preliminary game, and the hapless "freshies" were downed by a determined sophomore ten. The final game matched these two teams and consequently accounted for an exciting game. The juniors, however, gained a victory by outscoring the sophomores.



Seniors Win Volleyball Title

As always, volleyball this year drew a great number of participants and was responsible for many exciting moments. Marylou Peck was volleyball chairman and placed the girls of about equal ability on teams. Although team twelve won all but one game of its complete schedule, there were many more teams that were right behind in the standings.

Several of the games of the schedule had to be held after supper in the early part of the season. The basketball boys had the gym for practice until Thanksgiving. This caused an inconvience for several of the girls, but they reported as soon as the 4:00 sessions of volleyball were held again.

The class team tournaments at the end of the season always prove interesting, and this year the seniors came out victorious over a determined and skilled junior team. In the preliminaries, the freshmen played a stronger and more experienced senior team; and although they fought hard, the seniors won. The same thing was true with the juniors and sophomores, the juniors gaining the finals by virtue of their win. In the finals the seniors made up for their defeat of the year before by winning over the junior team of 1941.

Fifty-One Girls Report for Archery

The sport of archery this year attracted more participants than ever before, fifty-one girls reporting. Virginia Paul, archery chairman, and Miss Elsie Harrison, sponsor, had to devise a system whereby all the girls could participate and still do it without delaying a great number of girls. In solving this problem, the girls were divided into two groups of almost even numbers. One group met on Mondays and one met on Thursdays. In this way, all the girls got their required number of shots. Caryl Lofquist was the winner, and Mary Hollett the runner-up.

Those girls who went out for archery were: Florence A'Neals, Harriet Arnold, Dorothy Becker, Wilma Berkey, Leona Burrus, Mary Jane Bucher, Janice Child, Betty Collins, Marge Crosby, Wilna Davis, Dorothy Day, Lucille Dean, Edith Eichelberg, Betty Frazier, Nancylee Fabing, Joyce Fabing, Beverly Goodrich, Shirley Hepner, Mary Hollett, Jean Holt, Frances Jacobs, Lois Jordan, Elinor Julian, Betty Jungjohan, Dorothy Kraft, Virginia LaCount, Victoria Lindberg, Caryl Lofquist, Ruth McKim, Frances McGillicuddy, Helen Miller, Marian Miller, LaVergne Niequist, Mary Nolan, Elaine Owens, Betty Reid, Marilyn Parry, Barbara Scribner, Louise Swisher, Nancy Van Ness, Emily White, Darlene Yazel, Eleanor Hiltpold, Phyllis Crisman, Edna Davis, Virginia Erea, Barbara Lemke, Anita Holzbaur, Betty Smith, Sarah Covert, Patricia Stookey.

Tennis New G. A. A. Sport

One of the newly inaugurated minor sports in the G. A. A. program is the popular sport of tennis. This sport was just started last year. Doris Lain was in charge of the sport which was held along with baseball in the spring. Because it was so popular with the girls, there was not enough room on the three high school courts to accommodate them all at once, and nothing much could be done. Some games were played, but no tournament held.

Miss Harrison furnished some racquets, but most of the girls had their own. All girls who came out were given points.

Many Girls Enter Noonday Sports

Although the noonday sports are called minor activities, they have a goodly number of girls participating in them. This year Caryl Lofquist and Mary Helen Breen were the chairmen and took charge of these sports.

In the fall of the year, the first sports were health-ball and singles horseshoes. After these came doubles horseshoes, singles ping-pong, doubles ping-pong, bowling, and shuffleboard. The winners of the first sports are as follows: Health-ball, LaVergne Niequist; singles horseshoes, Ruth Barkley; doubles ping-pong, Norma Whitehead and Eleanor Hiltpold; doubles horseshoe, Caryl Lofquist and Mary Nolan; singles ping-pong, Virginia Paul.

Ping-pong is the most popular of these noonday sports, and has the largest number of girls signing up for it. However, the other sports also are very popular, as they too afford some recreation for the noon hour. Also, it is another way of earning points.

These sports are a part of G. A. A. and are held mainly for those girls who stay for lunch and those who are unable to attend the activities after school hours. These girls receive points for their attendance, and they count right in with the points of major sports.

A girl can very easily win points this way, as she receives fifteen points for coming out and five points for each additional time she plays. The winner gets fifteen points, and the runner-up gets ten points.
